Can my organization continue its relationship with the City of Detroit?”

## III. Applicable Charter Sections

The 2012 Detroit City Charter provides at Section 2-106.1 that the purpose of applying and enforcing these requirements and standards is to ensure that governmental decisions are made in

the public's best interest by prohibiting public servants from participating in matters that affect their personal or financial interests. - (2) A public servant who is an uncompensated member of a City board, commission, or other voting body may act as an agent, attorney, or representative for another person, business, or organization in a manner that is pending before a City agency, other than the board, commission, or other voting body on which the public servant is a member; or
- (3) A public servant who is compensated by the City may act as an agent, attorney, or representative for another person, business, or organization in a matter that is pending before a City board, commission or other voting body, other than the board, commission or other voting body on which the public servant serves as an appointee or as an employee, or under a personal services contract, as long as the public servant does so:

**IV. Additional Information Provided**

Staff provided additional information for this Requests as follows.

The Detroit [REDACTED] in the [REDACTED] for [REDACTED] First [REDACTED]. The [REDACTED] is the main source of the organization's revenue and funds the organization's scholarships and donations to other entities. Also, the Detroit [REDACTED] and the Department's [REDACTED] initiative are listed in the [REDACTED] section of the [REDACTED]. [REDACTED] was a "[REDACTED]" of [REDACTED] in 2019, meaning that the [REDACTED] donated \$ [REDACTED] or more to [REDACTED]. Also, the Requestor is not compensated in relation to her involvement with [REDACTED]. Furthermore, a contractual relationship does not exist between the City and [REDACTED].

Additionally, the Requestor's City of Detroit job duties and responsibilities at the Detroit [REDACTED] show that she does not exercise significant authority as that term is defined in the Ethics Ordinance. The Requestor does not have the ability to make purchases, access the City's finances, select or negotiate contracts with vendors, or influence any major departmental policies or procedures.

Also, the Requestor reported that she does not share any Detroit confidential information with [REDACTED] and she does not utilize any City resources in her [REDACTED] work.

**V. Application of Charter and Code to the Information Presented**

Section 2-5-31 provides disclosure requirements that cover financial, filial, or property interests. Disclosure requirements pertain to public servants who "exercise significant authority." The Requestor does not "exercise significant authority" as that term is defined in the Ethics Ordinance. As such, Requestor has no requirement to file a disclosure.

Section 2-5-62 of the Code generally prohibits public servants from knowingly using confidential information outside the scope of the public servant's official duties, or disclosing confidential information to third parties. The Ethics Ordinance provides the following definition for the term "confidential information":

[I]nformation that has been obtained by a public servant in the course of acting as a public servant, that is not available to members of the public pursuant to the Michigan Freedom of Information Act. . . or pursuant to other law, regulation, policy or procedure recognized by law, and that the public servant is unauthorized to disclose.

The Requestor stated that she does not disclose to ██████████ any information that she obtains through her position with the City. The Requestor should continue to refrain from disclosing any confidential information while she is involved with ██████████

Pursuant to Section 2-5-63 of the Code, the Requestor is prohibited from "us[ing] City property in violation of City policies and procedures." The Requestor reported that she does not use City property for ██████████ matters. The Requestor should continue to abstain from using City property for purposes of ██████████

Section 2-5-64 of the Code generally prohibits public servants from engaging in employment or rendering services for entities other than the City when doing so would be "in conflict or incompatible with the proper discharge of the public servant's official duties for the City," or when doing so would be "reasonably expected to impair the public servant's independence of judgment or action in the performance of the public servant's official duties for the City." The Requestor's participation in ██████████ does not present any reason to believe that her participation would be expected to impair her independence of judgment or action in the performance of her official duties for the City. The apparent goals of ██████████ do not present a conflict with the goals and purposes of the Detroit ██████████

In order to avoid a conflict with the proper discharge of the Requestor's official City duties, she should only engage in providing services for ██████████ during times when she is not performing work for the City. The Requestor may use her leave time to engage in services for ██████████

Because the Requestor does not receive any payment for her role in ██████████ the Requestor does not need to submit a completed Human Resources' *Request for Approval of Outside Employment* form. However, if the Requestor ever does or expects to receive payment for her role in ██████████ then she must ensure that she complies with the City's Outside Employment Policy by completing and submitting a "Request for Approval of Outside Employment" form to notify the Detroit ██████████ management of her involvement with the organization.

Considering Section 2-5-65 of the Code, the Requestor is prohibited from acting as an agent, attorney, or representative of ██████████ in any matter that is pending before a City agency unless any one of the three exceptions applies. The only exception that may apply would allow her to represent ██████████ in a matter that is pending before a voting body upon which the Requestor does not serve and the Requestor is not compensated by either the City or ██████████ for the

representation, and the representation occurs only during the Requestor's vacation or departmental leave time.

As to Section 2-5-66 of the Code, the Requestor is generally prohibited from participating in the negotiation or making of any contract or transaction between the City and a business entity in which she has a financial interest. Even though the Requestor claims to not receive payments from ██████████ she may still be considered to have a financial interest in ██████████ because she is one of only three people who own, operate, and manage the organization, thereby having an interest in the finances of the organization.

Therefore, the Requestor should avoid participation in any negotiations or making of any contract or transaction between the City and ██████████ including transactions involving the ██████████ advertisement and the Detroit ██████████ or donations by the Detroit ██████████ to ██████████. Accordingly, the Requestor should continue to take a "hands-off" approach to communications between the City and ██████████ and refrain from participation in such communications.

Section 2-5-67 of the Code prohibits public servants from improperly influencing the decisions of "the Mayor, of the City Council, of the City Clerk, or of a member of a City authority, board, commission, committee, council or group, or other City agency." The Commentary to Section 2-5-67 states that the section "prohibits a public servant from using the public servant's official position in violation of federal or state law, such as . . . the state law regulating conflicts of interest pertaining to public contracts involving public servants under the Michigan Contracts of Public Servants with Public Entities Act." Section 2 of the Michigan Contracts of Public Servants with Public Entities Act provides, with some exceptions, that "a public servant shall not be a party, directly or indirectly, to any contract between himself or herself and the public entity which he or she is an officer or employee," and also that "a public servant shall not directly or indirectly solicit any contract between the public entity of which he or she is an officer or employee and" the public servant's self, or "any firm, meaning a co-partnership or other unincorporated association, of which he or she is a partner, member, or employee."

The Requestor indicated, in the performance of her duties to the City, she is not involved with the selection or negotiation of contracts, and does not have the ability to influence any major departmental policies or procedures. As such, the Requestor's involvement with ██████████ is not likely to violate Section 2-5-67 of the Code while she continues working in her current position with the Detroit ██████████. However, the Requestor should be advised not to solicit any contract between the City and ██████████ as doing so would be a violation of the Michigan Contracts of Public Servants with Public Entities Act.
